					Qtn Expected Date:-			
1	**Customer Data:**							
	Company Name :							
	Address:							
	Contact Person:							
	Tel Nos.:				**Fax Nos.:**			
	E-mail:							
2	**Installation Data Sheet:**							
	Location:		Country:		Site:			
3	**Product Data:**							
	Product handled:							
	Normal Working pressure:				Operating Pressure:			
	Temperature:							
	Specific gravity of product:							
	Viscosity of product:							
4	**Prover Tank Data Name:**							
	Capacity of Prover Tank:							
	Prover Tank		Single walled			Double walled		
	Material		M.S.		C.S.		SS304	
5	**Accessories.**	Std.:-						
	1) Volume compensator - 0.5%.							
	2)Spirit level – 2 nos.							
	3) Level indicator – For total volume.							
	4) Inlet/outlet – 4” NB,3”NB OR 2”NB from bottom with ball valve.							
	5) Over flow pipe with valve – 1/2” NB.							
6	**Optional: -**							
	1) Trolley with leveling jacks.							
	2) Centrifugal pump with motor, without electrical panel & without hoses.							
	3) Graduated level gauge.							
7	**Colour Code**							
8	**Quantity:**							
9	**Hydro Test required at:**							
10	**Enclose Drawing if available:**
